## **Welcome to Term 4 Week 3 2017**

### **Important Curriculum Day Notice (Monday 6th November)**

**Monday 6th November** is our last Curriculum Day for the year and children are not required at school.

There will be **NO Rainbow House** available on curriculum day. Please make sure you make alternate arrangements for your child/ren on this day.

### **Thank you**

On behalf of the TRBPS school community, I would like to thank Mr Benjamin Moncrieff from McKinnon Primary School who took great care of TRBPS as the acting principal during my absence the first week of Term 4.

### **Student Numbers for 2018**

Student numbers for next year are sitting at about 640 children. If you know that you are not returning to TRBPS for 2018 please make sure you complete the slip in this newsletter as well as letting the current class teacher or the office know. This helps with the allocating of students to classes and is imperative information which assists us to make accurate staffing decisions for the 2018 year.

### **Prep Enrolments 2018 update**

We have approximately 100 children enrolled for foundation (Prep) for 2018 and approximately 640 in total of students across the school. With current enrolment figures we will have 27 classes plus our specialist curriculum areas of Art, PE, Music/ Performing Arts/Media and LOTE (Italian).

### **Student Class Allocation for 2018 - requests for special consideration:**

Very shortly, teachers will commence work on organising the classes for 2018. We aim to create classes that are balanced, analogous and happy. Careful consideration is given to a number of factors when placing children into grades. These include:

- total number of boys and girls
- personality
- behaviour
- academic ability
- friendships and other children with whom they work well etc.

### **School Council President's Report**

Hi families, the September School Council meeting was a good chance to discuss some recent events such as the school concert, prep information evening and recent working bee. These are all such important events for our community and we really appreciate the time and effort our teachers and school staff put into them. Also a big thank you to the families that volunteer their time at the working bees to help keep our school safe and looking great!

The September meeting was also very interesting because Peter Seddon gives us a run down of the schools NAPLAN results. Although there is debate about the value of NAPLAN as a measure for an individual student, it is very useful to use the data to look at overall trends for the school. For example in previous years the staff have identified spelling as an area needing improvement across the school and have then introduced new spelling programs to address this. The staff have already begun using this years data to put into place new learning programs and strategies so that we can continue to improve.

### **Facilities update**

We are in the process of receiving a new relocatable/portable classroom as we continue to grow in expected student numbers for 2018. So it will be very busy around the Valerie Street entrance this week. I ask you all to be very patient during this short period of time. This information is often provided to us in very short notice and it can be therefore difficult for us to give you advance warning. Please make sure you are linked into **Compass** which is our main source of immediate and most current emails and push notifications at TRBPS.

The new gymnasium will also cause disruptions from time to time during 2018. We will all need to be very patient during this phase of development and focus on the positives which will be improved facilities for our families and the children. During this further development of our facilities, it is anticipated that we will need a power supply upgrade and a new mainboard to cope with the growing power load required by the additional facilities and electrical equipment. This all takes time and will be rolled out in accordance with the different phases of construction. We already experience power failures at times due to the overload on the current power supply, especially from the use of air conditioners in summer months depending on which electrical phase is linked to each of the buildings.

The next roll out of air-conditioners which are planned to occur over the next 18 months will be for the Library block, as we slowly decommission the older evaporative systems. However, this will need to be completed alongside the power upgrade, otherwise this will put more strain on our existing power supply and cause more power failures across the school.

The school's electrical system was reviewed and evaluated this week as part of the discussions with the DET relocatable team and the (Gymnasium) Architect's electrical engineer who visited the site yesterday. They have explained that we will need to undergo a significant power supply upgrade as part of the preparation for the construction of the gymnasium and as the school continues to grow in student numbers and additional facilities. These are positive changes necessary to support our growing school and provide us with improved facilities. I will continue to update the community as I am briefed about each stage of development.

### **Community Information Evening**

**'The Resilience Project'** information session for parents/carers is next week on **Thursday November 2 at 7pm**. We look forward to welcoming Martin Heppell back to share his journey with the parents/carers. Please send back the RSVP slip to your child's teacher so we can ensure we have adequate seating for this event; we are also unable to have children attend this session due to space/seating as well as the presentation is aimed at adult level. I look forward to seeing many of our parents and carers at this evening. It begins at 7pm sharp so please be seated by 6.45pm. You can read more about The Resilience Project at: <https://theresilienceproject.com.au/schools/>

### **Professional Learning for Teachers – Term 4**

We have been focusing our attention on the work of Mr John Hattie and the DET release of a new resource for teachers called, 'High Impact Teaching Strategies (HITS)'. The HITS are 10 instructional practices that reliably increase student learning wherever they are applied. They emerge from the findings of tens of thousands of studies of what has worked in classrooms across Australia and the world. International experts such as John Hattie and Robert Marzano have synthesised these studies and ranked hundreds of teaching strategies by the contribution they make to student learning. The HITS will not be new to most teachers. The purpose of this resource is to bring them together in one place, along with practical examples of how other Victorian teachers are using them successfully. The HITS alone do not constitute a complete framework for professional practice. They are part of the full set of instructional practices that contribute to a comprehensive whole school pedagogical model.

**John Hattie and Robert Marzano** agree on 8 effective teaching strategies which are:

Set clear learning intentions, challenging success criteria, have a determined focus and make use of good questioning

Use explicit teaching - including a range of learning strategies and differentiation (use overt Instruction)

Provide opportunities for students to engage with the content

Provide genuine feedback – accurate and focused on forward direction/ improvement

Multiple exposures to new information

Opportunities for students to apply their knowledge

Use collaboration – get students working together and learning from each other

Build students' self-efficacy – belief in their ability to succeed.

The teaching staff are enjoying exploring, discussing and sharing their various levels of expertise in relation to the 10 HITS as well as deciding what we can focus on to improve our teaching practice and have greater impact on student learning into the future – this will be incorporated into developing the 2018 Annual Implementation Plan (AIP) and the next School Strategic Plan (SSP). 2018 is a year of review of our current School Strategic Plan for TRBPS. I am looking forward to hosting forums with various groups across the school in order to gauge thoughts and ideas of where we can take the school into the future as part of developing the next 4 year SSP. More information about this process will be communicated early in 2018. This will be another exciting time for TRBPS.

More information about the work of Hattie and Marzano can be found at: <http://www.evidencebasedteaching.org.au/robert-marzano-vs-john-hattie/>

Hope you are having a great week!

Robyn Farnell

## Parent information night 2017

Moving up with parents —  
Primary to secondary transition

This is an opportunity for parents and their children to attend a presentation that aims to equip you with knowledge, information and tips to better understand the transition from primary school to secondary school.

Glen Eira Youth Services will host a range of activities, workshops and discussions to help parents empower their child to successfully navigate this time of change.

### FREE event

Bookings are essential as seats are limited. To book, visit [www.gleneira.vic.gov.au/youth](http://www.gleneira.vic.gov.au/youth) and follow the links or contact Youth Services on 9524 3676.

If the event reaches capacity, priority will be given to Glen Eira residents when taking names for the waiting list.

### Hosted by Glen Eira Youth Services (GEYS)

GEYS has been delivering the highly successful transition program *Moving Up*, to primary school students in Glen Eira for the last seven years and will use their knowledge and experience to equip parents with tips and strategies on how to partner with their child to make this a positive transitional experience.

Parents will hear about common worries, stressors and anxieties expressed by students entering secondary school. GEYS will also present parents with tools and strategies to maintain successful communication with their child to best support a healthy transition into the next stage in their education.

## Parenting after separation is quite a challenge! Do you need to improve your co-parenting arrangement?

This Positive Parenting after Separation workshop aims to equip parents with greater skill in remaining child-focused, reducing conflict, improving communication with the other parent, and developing a positive post-separation co-parenting relationship.

Parents will be supported to reduce the stress around a challenging situation, while providing a safe space to discuss and explore co-parenting issues. You will develop a range of strategies to manage and improve the relationship with the other parent, and most importantly enhance the connection with your child.

### Topics include:

- Communication
- Children's development
- Co-parenting strategies
- Parenting styles
- Managing conflict
- Self-care

Nobody wants their children to struggle in a relationship breakdown. Our workshop can help you to navigate the twists and turns of separated parenting.

### Best suited to:

Separated or divorced parents, and carers. Only one party of the relationship can be accepted in each workshop.

### When:

Wednesday 15th November, 9.30am to 5.00pm  
Morning tea, lunch, and afternoon tea provided.

### Where:

Family Life meeting room, 197 Bluff Rd, Sandringham

### Cost:

\$220 per person (\$200 concession)

Certificates of participation, suitable for submission to Court are available on completion of the workshop.

## Would parenting be easier if you were on the same team? Could your communication do with some focus?

Relationships require regular tuning to help couples stay connected, assist each other in understanding differences, and manage conflict while continuing to cooperate as a team.

The aim of the Better Relationship Workshop is to encourage participants to identify strengths in their relationship while fostering attitudes of respect, trust and positive partnership communications.

Over the course of four weekly sessions facilitated by an experienced family relationship practitioner, this interactive program will encourage participants to learn, develop and practise positive relationship skills in a supportive group environment.

### Topics include:

- Building trust, commitment and emotional closeness.
- Re-discovering and focusing on the positive in your partner.
- Understanding and managing conflict.
- Creating shared meaning, life goals and dreams.
- Sharing appreciation and fondness for each other.

Investing a few hours now, will support improved well-being for yourself as an individual, as part of a couple, and for the benefit of your whole family.

### Best suited to:

All couples - same sex and heterosexual, long term de-facto or married, new, engaged or starting again, later in life couples.

### When:

The workshop runs across four Thursday evenings

Thursday 26th October 7pm to 9pm  
Thursday 2nd November 7pm to 9pm  
Thursday 9th November 7pm to 9pm  
Thursday 16th November 7pm to 9pm

Light refreshments provided.

### Where:

- ★ Indoor Activities

Hi everyone!

This fortnight we have started a new activity The Ninja Warrior Course. The children are having so much fun engaging in this activity. Some of the courses the children have been participating in include:

- Climb the fireman's pole. Clock stops when you touch the top bar
- Race along the monkey bars in the 5/6 playground. From the yellow set to the red and if you touch the ground you start again.
  - Race around the oval
- Fetch the cone from the big tree near the 5/6 playground
  - Spin 15 times then race to give educator a high 5
  - Parkour over the chain in the 5/6 playground

The children have been busy in the art room designing and styling their own mugs using paint and their creative minds

Boys have been busy creating their own little towns including hospitals, theme parks out of Lego, which looks amazing.

We can't wait to see you all this term.

### Just a few reminders:

- Camp Australia have made some changes to their pricing so please feel free to ask the Rainbow House staff for more information.
- Term 4 is a Sun Smart term so don't forget to bring your hats!
- We have lots of lost property from the holidays so please come in and check if any of it is yours.
- We will not be open Monday 6<sup>th</sup> November for the pupil free day
