Mother's Day Lunch & Stall

Thank you to all of the PFA, in particular Briony Liomaranta for overseeing the organisation of the great 'Mother's Day out Luncheon' which was held on Friday 3rd May at 'The Deck' restaurant in Bay Street Brighton. It was wonderful for the mums and carers from across TRBPS to come together and support this fantastic community event. Not only were our mums treated to a delicious lunch but also had the opportunity to listen to guest speaker Kelly Bainbridge. Kelly's expertise is in organisation and her helpful tips and tricks were extremely well received. Her 'start small' approach and helpful ideas regarding tidying and organising areas of the house including the pantry, garage and that dreaded 'third/fourth kitchen draw'. She provided inspiration for all in the room that regardless of what needed to be done it can be achieved.

There were also some excellent raffle 'hampers' which were full of various goodies to be won as part of a fundraising effort on the day. The money raised will go towards supporting literacy resources. Thank you again to everyone involved for your kind and generous support to the school.

Thank you to Michelle Symes, Effie Gelatogis and the PFA for their running and organisation of the Mother's Day Stall. Students enjoyed visiting and choosing a special gift for their Mum. We hope all our mums, carers and grandmothers had a wonderful Mother's Day with their family.

Literacy Resources – Thank you PFA!

At the end of last Term the school purchased some fantastic Fountas & Pinnell literacy resources for the 3-6 area. Fountas & Pinnell is the reading assessment used across the school and these resources are designed to support teachers to extend students ability in the area of comprehension. As you can see in the picture, included in our order were new rich guided reading texts from a variety of genres. Staff are very grateful to the PFA for all their fundraising efforts and are very

much looking forward to using these new resources with their grades. A big thank you to Robyn D in the library who is currently cataloguing these texts. Debbie Walters has also been working hard contacting the books as well as Samantha Gee who generously gave her time to stamp them with the school stamp.

House Cross Country

A big thank you to Jeremy Taylor and all staff who assisted with the smooth running of the house cross country event. It was wonderful to see all students trying their best as they competed for their house. A big congratulations to Flinders who were the winners of this house event. Please see Jeremy Taylor's full report included in this newsletter.

Technology in Action at TRBPS

On Tuesday 7th May Prep G and 2N participated in a WebEx YABBA session with Heath McKenzie, illustrator of the 'Do not open this book' series and Alex Miles, a co-author of the 'Zac Power Series'. The Webex session provided students with an insight into how Heath McKenzie takes basic shapes and turns them into complex illustrations. They were also given helpful writing tips from Alex. Students from over 50 schools participated in this interactive learning experience and were able to ask Heath and Alex questions which meant that the session was student driven and directed by what students wanted to learn and discover.

A big thank you to Robyn D in the library for her coordination of this session. There will be more opportunities for grades over the coming months to also participate in these interactive lessons.

NAPLAN Reminder

Well done to our Year 3 and Year 5 students who have completed their first week of NAPLAN assessment. We still have **one more week to go** with NAPLAN testing concluding on **Friday 24th May**. This is the first time our school has completed the testing online. We want to reassure students and parents not to worry if they do not finish any of the tests within the allocated time as students will not be penalised in anyway.

Please also note there are allocated NAPLAN catch up days should children be absent on the test days. Testing is usually during the first session of each day so it is important students are at school on time. If you have any questions about this year's NAPLAN testing, please contact the NAPLAN coordinator's Ms Karen Baxter (Year 3) and Ms Denise Van Cuylenburg (Year 5) or Ms Emma Baldwin (Assistant Principal). Information regarding NAPLAN testing was sent out via a letter on Compass late last term.

Staff Professional Learning -Multisensory Language Education

Last week our Year 3 team leader, Ellise Mehl, was participating in an intensive literacy course with a focus on Multisensory Language (MSL). This course is primarily concerned with the learning and teaching of phonology which is defined as the study of speech sounds in language and also the sound system of language. This course draws on scientific research from a neurological framework about how the brain learns and also what might impede or cause difficulties for students in learning to acquire and use written language. The MSL approach is used by a range of schools in our network including Valkstone PS and Bentleigh West PS, to assist students with learning difficulties such as dyslexia.

In the coming weeks, Ellise will be providing professional learning and strategies to staff across the school so that teachers can best support children within their grades who have dyslexia or language difficulty/needs.

School Pride Group

A big thank you to Kim and the School Pride Group for their efforts and enthusiasm in keeping our school clean and free from rubbish. As you can see from the pictures below, the group was very busy cleaning up the garden area at the far end of the basketball court opposite the Tech Shed. With all students now eating inside, the rubbish in the yard has certainly reduced but there is always work to be done.

It is wonderful to see students who are passionate about the environment give up their lunchtime to pitch in and lend a hand. Well done to all involved!

Tucker Road Bentleigh PS Working Bee

The working bee will be held from **9.30-11.30am this Sunday 19th May**.

Tasks include:

- sweeping leaves
- mowing and edging grass
- tidying garden beds near SOL centre and main office

All families are welcome and we hope to see you there!

2019 Year 6 Camp

On the 29th of April to the 2nd of May our 2019 year 6s attended the Marysville camp.

With many challenges both old and new, this experience has reached the climax of year 6! We were all excited as the day came closer and when it arrived we were ready to go! We all enjoyed a peaceful ride up as no one got sick! Halfway there, we stopped at a beautiful park in Healesville. We sat under the canopy of the towering trees to enjoy our snacks. After chatting and aweing at a passing dog, we hopped back on the bus.

When we entered the camp everyone was amazed by the incredible height of the rock climbing wall. As we drove further in, we gazed at the surrounding grounds. Cabins, a veggie garden, a bike track, and low ropes were waiting. After heaving our luggage through the garden, we settled down in the dining room and ate our lunch.

Once we had our bellies full, we went to explore our cabins. We were all very excited as we had our own beds! We all dumped our luggage and ran to the oval to play a new game called Fluman. Once the rules were set we burst into the action. We all had loads of fun but the action always seemed to follow the teachers...! After quickly refilling our bodies with delicious

brownies and fruit we were split into different groups and went our separate ways. Each group played games and got to know one another. Afterwards, some groups were getting to explore the camp's recycled veggie patch, while others went orienteering or on bushwalks.

We were all tired from the big day, and it was finally free time! We could go back to our cabins or play. This was our time to shower, rest and get ready for dinner!

Dinner was delicious! We had roast beef, and apple crumble for dessert! We then checked our duties and schedules for the next day.

Tonight's activity was a bonfire. We sat around the flames and sang many songs while cozying up in the heat.

By the end we were all tired and ready for bed and most of us fell asleep right away as we needed energy for the day ahead.

We were welcomed by a lovely hot breakfast of eggs, bacon, mushrooms and tomatoes ready for us

to devour. We then quickly got ready for our next activities. We had a whole range of activities going on, such as canoeing at the dam, more orienteering, low ropes, a town walk to Bruno's sculpture park, bush skills such as shelter building and much more! Half way through our activities we were greeted in the dining hall by baked potatoes for lunch! We were all tired by the end, but ready for dinner. The doors opened and before us was a barbeque. We all gobbled it down (still showing manners) and awaited desert. It was... CHOCOLATE MOOSE!!!!

Everyone was pumped for the day because today we were going to face the rock climbing wall. Unfortunately the weather wasn't looking so good but we crossed our fingers. Today's hot breakfast was croissants. We quickly ate our breakfast and got ready for the day. Everyone got to chance to climb the wall, and see how high they could go. Today's activities also included more town visits, bush walks, drumming, low ropes, bouldering and grow it cook it. Luckily the weather held out and we made it through. Lunch was a build your own roll and we chatted among ourselves fearing the near end. More activities afterwards were teamwork problem solving and group activities. For dinner we had chicken schnitzel and jelly and ice-cream for dessert.

Tonight's game was Deal or No Deal! We partnered up and then went on different sides of the room. Each round a table would be eliminated until only one table remained. Then they cut it down to one person remaining and then deciding whether it was a deal or no deal. It was very fun and challenging with the teacher running away with a huge stack of chocolate.

The next morning, the teacher rushed around to every cabin waking everyone up and telling them to pack. We dragged our luggage to the dining hall where the buses would pick us up. After a breakfast of cereal and toast we completed our final activity with our

group. After we all came together and played 2 fun games; Guess the drawing and making a costume out of garbage bags and newspaper (It was funny seeing the catwalk and the creativity that went into these costumes) we had a brief lunch of burgers and an icy pole for our last meal. We waved goodbye to Marysville as we trekked down the road back to school. Thank you to Mrs Kushnir, Miss Turner, Mrs Fear, Ms Van, Mr Serres, Emma and Helen for organising and making our camping experience possible.

Everyone enjoyed their time and brought something new. Whether it was a new friend, new experience or fought a fear. This camp shares memories for life!

By Aurelia M & Ellie C 5/6T

Education Week Open Evening – Maths Focus - Wednesday May 22 – 6.30-7.30pm

The classrooms will be open from 6.30-7.30pm, this is a wonderful opportunity to see what the children do in Mathematics sessions across the school. Please come along and enjoy the various Mathematics games and complete the activities that will be set up in each year level across the school P-6.

Please also ensure you make time to wonder around the Library block to view the great Visual Arts displays, visit the Italian room and see the videos of musical performances.

Staff will be using the carpark to ensure that there is more available street parking for parents/carers. We ask that parents/carers do not use the carpark and please do not walk through the carpark due to cars that will be entering and exiting at various times during this open evening. Thank you for your understanding and support in making this a fabulous evening for our school community to enjoy together.

Year 6 -Year 7 Placement Timeline 2019

Tuesday 23rd April

Primary Schools distributed parents' letter, secondary college information and Application for Enrolment (Year 7) Form to parents of all Year 6 Children.

Friday 17th May:

Parents and carers return Application for Enrolment (Year 7) Form to the primary schools.

Wednesday 7th August:

Primary Schools notify parents of the results of the placement applications.

Tuesday 10th December:

Orientation Day for Year 6 Students

Students nominated for the **TRBPS Values Award** for the **6th May 2019**

Maths Focus

Children are invited to show parents
their school and their achievements.

Camps, Sports and Excursions Fund

The Camps, Sports and Excursions Fund helps ensure that no student misses out on the opportunity to join their classmates for important, educational and fun activities. It is part of making Victoria the Education State and the Government's commitment to breaking the link between a student's background and their achievements.

CSEF will be provided to eligible families to cover the costs of school trips, camps and sporting activities.

If you hold a valid means-tested concession card or are a temporary foster parent, you may be eligible for CSEF. A special consideration category also exists for asylum seeker and refugee families. The allowance is paid to the school to use towards expenses relating to camps, excursions or sporting activities for the benefit of your child.

The annual CSEF amount per student is:

- \$125 for primary school students
- \$225 for secondary school students

How to Apply

Contact the school office to obtain a CSEF application form or download from the CSEF website

Key Dates

All applicants must complete and lodge their submission by **28th June 2019**

House Cross Country 2019

Last Thursday in windy conditions TRBPS held its annual Cross Country carnival. The 9/10 year olds ran 1km and the 11/12's a 2km course taking in the oval, the hills and the asphalt all around the school grounds. The students had been training for this event over the past 6 weeks in PE lessons and hopefully doing their "training homework". Every child who finished scored points for their House, Flinders being the ultimate winner. All the results and a printable finishers certificate are available from www.webscorer.com/33387. The school team will now compete in the Moorabbin District competition on the 16th at Karkarook Park and we wish them all the best. Many thanks to all the teachers (course marshalls), the parent helpers and Darren Hotton for his excellent photos.

JENNIFER MORRISON - CHESS

Jennifer (grade 6) has recently had some very exciting news in her chess life. At Tucker Rd we are very proud of her. Please read on for the wonderful story in her own words.

I was recently selected into the 2019 Junior Elite Training Squad ("JETS" for chess) and want to share my story with you . In January I went up to Sydney and competed in the 2019 Australian Junior Chess Championship (AJCC) with over 300 participants. I also got to have a small holiday with my family after this tournament . In the AJCC U12 girls section I finished third overall with six wins, two draws and only one loss over nine rounds. The tournament went for five days and each game was like doing a separate three hour (or more) exam.

After coming home to Melbourne I applied for the JETS squad. This is a premier chess development squad, aimed to encourage and challenge the next generation of Australian chess champions. Some past JETS members have gone on to become International Masters or even Grandmasters. Selection into the squad is made by an independent panel and the candidates were assessed on enthusiasm, commitment and their Chess Ratings . There were over 80 applicants and I'm so happy and honored to have been selected as one of twenty eight Australian participants .

Now that I'm part of the 2019 squad I get to attend a special training camp and tournament to be held in South Australia during July school holidays. This camp includes intensive coaching in small groups by Grandmasters and International Masters, plus a Simultaneous Exhibition (a Grand Master playing lots of different people all at the same time).

I'm really looking forward to going and would really like to encourage TRBPS students to try chess. I started learning in grade 1 at my old school playing only one hour per week and now play & train up to 12 hours per week. I'm also a member of the Canterbury Junior Chess Club based in Ashwood. It's not easy to balance this much chess with other activities but I really enjoy it. Chess has also helped me with my school work too as it has improved my ability to strategise, focus and to manage my time effectively.

by Jennifer Morrison 56K

WORKING BEE

Our next working bee will be held this

**Sunday 19th May
9.30am-11.30am**

Your attendance at this working bee would be greatly appreciated. Many hands make light work and also saves the school a lot of money in maintenance. This money can then be re-directed to more important projects.

Tasks include:

- sweeping leaves
- mowing and edging grass
- tidying garden beds near SOL centre and main office

Illness

It can be difficult for families to know when their child is sick enough to need to stay home from school. For safety's sake, if your child seems unwell you should always keep them home from school and seek medical advice.

Clearly we want children to be resilient and learn to put up with minor health matters, however it is important that students do not return to school before they are completely over illness. Apart from the fact that our facilities are limited it is problematic if children return to school too soon and infect others.

Families can experience problems when trying to take time off to care for an ill child at home. However, it is important that parents focus not only on the wellbeing of their own child, but also upon the wellbeing of other children and the staff.

If you have to administer Panadol before school – then your child isn't school ready.

Antibiotics that are to be administered three times per day can be done at home. The first dose can be administered between 7am – 8.30am, the following dose can be administered between 3.45 – 4.30pm. Then the last dose can be given at 8pm or before bed.

If your child has a temperature, has vomited or had diarrhoea, they must be completely well for 24 hours before returning to school.

EARN & LEARN IS BACK

**It's easy to Earn & Learn all you have to do is just get everyone you can earning as many stickers as possible
Between 1 May and 25 June 2019.**

**Stick them on the sticker sheets and return them to the box in Woolworths with Tucker Road Bentleigh Primary
or to the box in the school office.**

Earn & Learn has helped us receive brand new school equipment, across every possible category including ICT, science, sports, mathematics, arts and crafts and more.

Parents and Friends Association Update

It's been a hugely busy two weeks for the PFA.
I'd like to thank ALL the amazing helpers who assisted!

Mothers Lunch - Friday 3rd May

This was another amazing event lead by Jacqui Slaughter, Emma Green and Sasha Wein. It was lovely to get together and chat outside the playground. The speaker, Kelly Bainbridge of Life Organised, gave us lots of helpful hints to get more organised too. The day rose over \$1600!

Prep Mothers Morning Tea - Wednesday 8th May

Thank you to Briony Loimaranta who created a lovely morning tea for the Prep Mums. All the food was donated by many generous Grade 1 families, which was much appreciated. Thanks to all who contributed!

Mothers Day stall - Friday 10th May

Michelle Symes organised another successful Mother's day stall. From ordering to stocktaking and bundling raffle prizes, the stall is a massive task. Well done Michelle!

We had a record turnout of volunteers. Thanks to Jenny, Kathy, Tenielle, Doreen, Lenny, Grace, Alice, Adi, Tash, Sasha, Mandy, Emma, Karen, Ati, Linda, Lauren, Maria, Lauren, Yuz, Effie, Alexis, Sophie, Kristy, Kaz, Penni, Jess and Jacqui!

I hope you all enjoyed your gifts too. The day raised approximately \$2000.

So, what's up next?

Election Day BBQ - Saturday 18th May

Walkathon - Wednesday 29th May

Special Friends morning tea for Grade 2's - Friday 21st June

Family movie day - Sunday 30th June

Cadbury Chocolate fundraiser

Also, don't forget to buy your copy of the entertainment book. Hard copy and electronic copies are available.

The above mentioned events won't be able to take place without a "hand on" approach by us parents. We will do call outs for volunteers closer to the date of each event.

We will use email, compass and the Facebook pages and class reps to ask for help.

Some assistance will be needed on site and some behind the scenes. If you think you would like to get involved in any way please don't hesitate contact us! Please email either Liz (elizabethdimopoulos@gmail.com) or Briony (bloimaranta@gmail.com) or respond when you see a call out!

Mentone Girls Secondary College Enhancement Program

The Enhancement Program at MGSC has been designed to challenge and inspire girls to think creatively, challenge themselves academically and become globally-minded life-long learners. The program started at Year 7 in 2019 and will expand to Year 8 in 2020, then move into Year 9 in 2021. At the end of Year 9, students will have access to multiple Unit 1/2 subjects where they can use the skills that they have developed to successfully begin an advanced placement in VCE.

We are looking to enrol girls who seek a greater academic challenge and who have an interest in inquiry learning and rich tasks. We are looking for girls who enjoy learning and are always seeking out extension work.

The course offers an alternative curriculum for English, Maths, Humanities and Science that allows the students to learn a greater breadth and depth of skills. Students can pursue their interests more fully through self-directed learning and rich tasks that allow them to choose aspects of their assessment. The curriculum was designed by teachers with experience in SEAL, gifted and talented education and in the International Baccalaureate.

Co-curricular programs like the Melbourne Writers' Festival, the History Challenge, the Tournament of Minds and others form a central part of the learning experience. Mentone Girls' Secondary College has a proud tradition of excellent leadership and public speaking, and we aim to further that tradition through the Enhancement Program.

Please visit our website at <http://mgsc.vic.edu.au/curriculum/enhancement-program/> and send any questions you may have to enhancement@mgsc.vic.edu.au

Sharing, Learning, Building

Are you struggling to manage your child's behaviour? Yelling, arguing, whining, tantrums and discipline that's just not working?

The 1-2-3 Magic & Emotion Coaching program aims to teach parents how to deal with their children's difficult behaviour by using an easy-to-learn and easy-to-use signalling system. The program requires the parent to use less talk and less emotion, which in turn encourages the development of children's ability to manage their emotional reactions to parental boundaries.

Over three weekly sessions, you will be guided through this proven and effective program, and supported to manage behaviour, develop a tangible and intuitive strategy to master your own self-control, encourage your child's ability to manage their own emotional reactions, and improve your relationship with your child.

Topics include:

- How to discipline without arguing, yelling or smacking
- How to classify behaviour
- How to handle challenging and testing behaviours
- Choosing your strategy, the three choices

- Using emotion coaching to encourage good behaviour
- 7 tactics for encouraging good behaviour

Investing a few hours now, will create a valuable roadmap for navigating those challenging parenting situations.

Best suited to:
Parents and carers of children aged 2 to 12 years.

When:
The workshop runs across three Monday evenings.
Monday 20th May 2019, 7pm to 9pm

Dr Justin Coulson Presents- 9 Ways to a Resilient Child.

"How can I help my child be more resilient?" is a question Dr Justin Coulson, one of Australia's leading parenting experts, hears regularly from worried mums and dads.

Based on his book, 9 Ways to a Resilient Child, this presentation gives parents practical strategies to help their children cope with the challenges that life throws at them – from friendship problems and bullying to losing a game or failing an exam. Even our home environment and the way that we parent can impact our children's potential to recover from difficulty.

PRESENTATION PARTICIPANTS WILL:

- Find out what raises – and what reduces – resilience, such as why common advice like "toughen up princess" doesn't work.
- Learn the psychological secrets that will build your child's capacity to bounce back, stronger and more resilient than ever, including the ability to think flexibly, exercise self-control, and make safe and healthy choices.
- Discover the powerful impact of family, relationships, school and community, on resilience.
- Unpack the most effective, evidence-based ways to support your child develop greater resilience.

WHO IT'S FOR?

Every parent or caregiver, as well as teachers, grandparents, and anyone who looks after children.

When: Thursday 13th June 2019

Time: 7pm - 9pm

Where: The Auditorium, Glen Eira City Council, Corner Glen Eira and Hawthorn Roads, Caulfield

Cost: \$25.00

Bookings at: https://9_ways_to_a_resilient_child.eventbrite.com.au

Dr Justin Coulson is one of very few people in Australia with a PhD in Positive Psychology - and the ONLY person in the country (and almost the world) whose PhD includes a careful look at the intersection of Positive Psychology and relationships, particularly in family life.

One of Australia's most respected and popular corporate and education keynote speakers, facilitators, authors, and researchers, he has spoken to and worked with tens of thousands of people aiming to improve relationships, meaning, and wellbeing in leadership, education and especially in family life.

Presented by:

WELCOME A SLICE OF THE WORLD INTO YOUR HOME!

MARLENE S

15 from Germany

Ever since I learnt about Australia, I have fallen in love with it! My older brother has been on exchange and my family has hosted, therefore I know how wonderful it is to create a 'second family' on the other side of the world!

EMMA D

17 from Italy

With an easygoing and sensible nature, I care about people around me and I stand up for my values. Although I can be a little bit shy at the start, I'm kind, cheerful and open up when I get to know someone better!

Not-for-profit organisation, **WEP Australia**, is seeking volunteer host families for high school exchange students arriving this July!

Can you help?

Need to know:

- You choose your student
- Hosting is voluntary
- Students attend high school
- You'll make memories for life!

MARCELLO C

16 from Italy

I am bubbly, enthusiastic and always very happy! I aspire to become an actor. I participate in acting classes and I love singing and dancing. I can't wait to meet your amazing family and to make some Australian friends!

"If you're thinking about hosting, do it! It's the most rewarding experience for your family.

Our daughter has a sister now, someone to talk to other than mum or dad."

Nicole, three-time host mum.

50% DISCOUNT

on attendance fees for school students aged 17 years and under.

Your school has registered for this exclusive offer.
Details available at: www.cabrini.com.au/eddiscount

Why choose Cabrini Emergency Department (ED)?

- **Be seen quickly:** Cabrini ED is open 24 hours a day, 7 days a week.
- **Real time waits:** to check current ED waiting time in a click, www.cabrini.com.au
- **Specialist paediatric care:** Cabrini ED is a specialist team, supported by modern imaging and treatment services for kids.
- **Personalised call back service:** calls offered to every patient within 48 hours' of discharge.

Saving
\$205
8am-6pm weekdays and
\$240
weekdays from 6pm-8am
and all weekend

- The 50% discount offer applies to the attendance fee only, and does not apply to any further out of pocket expenses such as hospital admission, X-rays or pathology (blood tests).
- Cabrini is a private, Catholic, not-for-profit healthcare service that does not rely on funding from government or the Catholic Church. Therefore, Cabrini must charge fees for emergency medical care. Unfortunately health insurers do not cover emergency attendances, so Cabrini relies on these fees to cover our costs.
- Please be advised that private health care cover is required in the event that a student is admitted to hospital.

Cabrini Emergency Department...
your private alternative!

LEGO EDUCATION PROGRAM

The new program has been designed in two parts:

- **Science and Technology:** Students explore the world of powered mechanisms and simple machines.
- **Creativity and imagination:** Students engage with LEGO® pieces to complete puzzles, games and challenges without instructions and become Master Builders!

The course is designed for all primary aged students with each student using an age appropriate LEGO® Education kit to complete his or her challenge.

As long serving primary school teachers we believe it is important to use the Australian Curriculum as a guideline to the program.

Key STEM Learning Values:

- **Physical Science:** The way objects move depends on a variety of factors including their size and shape: a push or a pull affects how an object moves or changes shape
- **Engineering Principles and systems:** Explore how technologies use forces to create movement in designed solutions
- **Materials and technologies specialisations:** Explore the characteristics and properties of materials and components that are used to create designed solutions

The 10-week course will begin in term 2, on Wednesday the 24th of April, afterschool, at a cost of \$165 per student. The course will be held at Tucker Rd Primary School.

Families, all our Cooking Experiences are chosen from Camp Australia's Healthy Eating Cookbook that has been reviewed by Nutrition Australia Healthy Eating Advisory Service (HEAS) which have recipes that only require food items reviewed by HEAS, that is provided to the service.

The above planned activities will be offered on the programmed day at After School Care. If there are children who don't wish to participate in these, they will always have the opportunity to engage in alternative planned and spontaneous activities and have unlimited access to all resources within the program.
